WRECK ECHOES.

Further Details of the Railroad Horor an Koutz—List of the Dead and Injured.

HUNTINGTON, Ind., Oct. 12. — The dead in the Koutz wreck on the Chicago and Atlantic railroad are:

Dr. William Perry and daughter, of North Judson, Ind.
Charles Miller,
Mrs. Lena Miller,
Fred. Miller,
William Miller,
Herman Miller,
Minnie Miller, all of Dundee, Ind.

The injured are:
Dr. Charles Wright,
Mrs. E. Ayers,
Engineer Dorsey,
Fireman Willis, of this city.

None of the injured are in a serious condition and are doing well. The coroner of Starke county, who accompanied the dead and wounded under the escort of the railroad officials, took testimony up to midnight.

The testimony before the coroner here as to the horrible collision on the Chicago and Atlantic railroad near Koutz, began with the deposition of Mr. J. B. Parks, the conductor of the passenger train. He testified that the train was nearly two hours late, having broken an eccentric between Hurlburt and Boone Grove. "We stopped for water east of Boone Grove," he continued. "In three minutes an engine struck the rear car and telescoped the car into the ladies' car, smoker and baggage car. The wreck took fire at once. We got eighteen passengers out, nine were killed and burned. The semaphore light was turned when we stopped. I did not know the freight was coming. When it struck us it was running about twenty miles an hour."

J. W. Jacobs, the passenger brakeman, testified that he turned and saw Brakeman Cotton go back with the light. J. G. Cotton, the second brakeman on the passenger train, said "I jumped off of our train before we stopped at the state line ditch tank and ran back to flag the freight train, which failed to call for brakes. I was knocked senseless by the passing train."

Engineer Dorsey and Fireman Willits of the fast freight testified that they started out on time and received no orders as to any passenger engine being disabled and behind time. When Boone grove was reached the signal was all right and the operator told them to go ahead, giving no other orders. They did not intend to stop at the state line ditch tank and were running at a high rate of speed. All the trainmen examined claimed that the night was foggy and that danger signals could not be seen until they were right upon them.

WRECK ECHOES.

One family of Bohemians, six in number, were burned up in the wreck, a boy only escaping and he was so seriously hurt that he has since died. Dr. Perry, wife and child, of North Judson, were imprisoned in the wreck and burned to death. Great efforts were made to rescue them, and at one time the rescue of the doctor seemed probable, but the flames grew so hot that he had to be abandoned to his fate. He was conscious at the time he was left. There was no means of egress except through the windows. Dr. Bain, of Kenton, Ohio, who was severely bruised, was fortunate in getting out through the windows, and aided four others in making their escape. The cars burned very rapidly, and the terror of the scene can be but faintly portrayed. The screams of the imprisoned passengers, slowly being consumed, were most heart rending and the survivors suffered untold mental agony at the scenes of suffering which they beheld.

Dr. Charles L. Wright, of Huntington, Ind., was on board the train, and severely hurt. Dr. Wright reached home on the relief train, and was able to walk to a carriage with assistance, although badly cut and bruised.

The escape of Mrs. Edwin B. Ayers, of Huntington, was most miraculous. She was the last person to be rescued from one of the burning coaches, and was in an unconcious condition wh pulled through its windows. S reached home on the relief train, bad bruised and suffering greatly from nervous prostration.

Engineer Dorsey and Fireman Willetts, in charge of the freight train were both badly bruised. Both jumped from the locomotive, and Willets jumped upon the person of Brakeman J. S. P. Cotton, of the passenger train, who had been sent back to flag the freight train. Cotton was considerably hurt by Willetts.

C. H. Murray, a gentleman from Denver, Col., was one of the survivors, and he said he owed his life to the heroic efforts of a lady passenger, a Mrs. Clemants, from Chicago, who was going to Albany, N. Y. Mrs. C. broke one of the rear windows of the car in which they were imprisoned, called the other passengers attention to it, and assisted several to get out while the front end of the car was in a blaze. All who escaped from this car did so through her efforts. This coach had about twenty passengers and six or seven are known to have perished. Another lady said she was in a suffocating condition, and had given up all hope, when she heard Mrs. Clemants voice telling her not to give up, but to come to her and thus guided she was able to save her life. Mrs. Clemants lost over $2,000 in money and a ring valued at $1,000.

HENRY G. WAGNER,

The Prominent Druggist, Drops Dead at His Home This Afternoon—A Resume of His Life.

Henry G. Wagner, the well-known and prominent druggist of this city, whose place of business is at 35 Calhoun street, dropped dead from a stroke of appoplexy, at 1:30 o'clock this afternoon at his residence, No. 24 East Washington street.

He has been suffering from heart disease for the past twenty-eight years and some time ago, with Mrs. Wagner, took an extended trip south in the hope of benefiting his health.

Mr. Wagner has been confined to his home for a week past and was in the habit of taking hot baths. This morning he assured his wife and attendants that he was much better and looked it. Shortly after noon he took his customary bath and while in the act of leaving the tub he dropped dead.

Mrs. Wagner was hastily summoned from the drug store, as was Dr. I. N. Rosenthal, but life was extinct and the dead druggist, being by this time removed to his bed, lay as if in peaceful slumber.

Althought there was a predisposition to heart disease in Mr. Wagner's family, (his father having died from appoplexy,) the news of his sudden death will prove a great shock to his legion of friends in this community.

Mr. Wagner was born at Grosalmerode, near Cassel, the capital of Hesse, in Germany, on the 26th day of December, 1827, and came to this country on the 22d day of May, 1849, landing at New Orleans. At New Orleans he married Mrs. Wagner, nee Mergel, and they came soon afterwards to this city, where they have resided ever since.

Mr. Wagner was a pioneer in the drug business and in the battles of life his wife was his constant and ever faithful companion. The estimable lady survives him, and her grief can better be imagined than described.

In the toil and thrift of years Mr. Wagner accumulated much wealth. He owns the handsome store room occupied by Louis Wolf & Co., his drug store on Calhoun street, the Khrone gun store property and his handsome home on Washington street. No one can safely estimate his riches, but gentlemen who know him will say, "he was one of the wealthiest men in the city."

Mr. Wagner's sister, the mother of H. W. Mordhurst, the druggist, lives at Logansport and the sad news was telegraphed her by Mr. Mordhurst.

Mr. Wagner was a member of St. Mary's Catholic church and Mr. J. C. Peltier is arranging to embalm the remains preparatory for burial.

INDIANAPOLIS.

The Republicans Elect Their Entire City Ticket.

INDIANAPOLIS, Oct. 12.—The election here yesterday was for mayor, clerk, ten alderman and twenty-five councilmen. The campaign has been very bitter.

The republican city ticket was elected by a majority of 500. They have re-elected Mayor Denny, regained the city clerkship and elected fifteen members of the common council and six members of the board of aldermen, giving them a majority of seven on joint ballot in the municipal legislature. They carried every ward on the north side, while the democrats carried all on the south side, with the exception of the Twenty-first.

Sim Coy, chairman of the democratic city central committee, was re-elected to the council in his ward by 125 majority over the republican candidate.

The Knights of Labor had a ticket in the field, but did not elect a single one of their candidates.

The monthly meeting of the directors of the Baltimore and Ohio Railroad company was held and the resignation of Robert Garrett was accepted. The contract for the transfer of the Baltimore and Ohio telegraph to the Western Union company was approved without dissent. The companion came up and his body was dragged out, but young Mulligan was never seen. The young men were out boating and in changing places they upset the canoe, with the sad result noted. When the relatives of young Mulligan's companion came after his body it was on a dissecting table, of Rush Medical college.

Editof SENTINEL:

Some vindictive being, belonging to that class of persons who can never think of raising themselves, or anything they are connected with, without traducing others or slandering that which they oppose, has stated on several occasions that the Catholic Knights of America are in debt $80,000. There is not one word of truth in this statement, as the examination and approved statement of the supreme treasurer shows for the two years ending April 23, 1887. The following is a correct statement: Receipts, $660,505.44; expenditures, $669,631.99; general fund on hand, $32,248.96; sinking fund up to October 1, 1887, $44,521.75. Instead of being in debt 5 per cent. of each assessment is set aside and applied to the sinking fund, with the view of preparing for an epidemic. Undoubtedly it was the same party that reported that John Jones was a member of the Catholic Knights of America.

REPORT OF COMMITTEE ON STREETS WITH CITY ATTORNEY.

1. Upon the petition of Daniel Nestle asking the city to pay him $3.05 for an alleged overpayment he made to Contractor John McCann for building sidewalks on the east side of Broadway, we report that his dispute and claim, if any, is against McCann, and not the city. The treasurer in receiving the money acted under the law as the agent of McCann and not the city, but nevertheless your committee is of the opinion that Mr. Nestle was charged the correct amount and has made no over payment. By reason of all the facts we report adversely.

2. On the petition of Anna Eckart asking that Contractor Ehrman be ordered to return certain planks taken out of old sidewalks to her or that the council give her credit on his precept for $5. We report that this is a matter with which the council has nothing to do. If the planks are hers she must seek her remedy in court. The only question for the council was did the contractor faithfully construct the sidewalk according to the contract.

3. With reference to the proposed ordinance of Councilman Webber relating to the width of wagon tires to be used on the public streets we recommend that the same be not passed. It provides for tires of six different widths and the differences in the weights so small that the law could only be enforced by the closest scrutiny. We herewith report an amendment to section 17, of chapter 48, that we believe will give ample relief and be of easy enforcement.

4. In the matter of the petition of Messrs. Bass and Bond, asking leave to cobble stone sidewalks in front of the street car barn and car house on Chestnut street, the contractor having consented thereto, we report adversely, but recommend that power be granted to the mayor and street committee to allow such portion of said sidewalk to be paved with cobble stone as shall be necessary as a roadway for horses and cars in passing in or out of said barn or car house and that the balance of said walk be paved with material provided by contract.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers make the following report:

1. We have awarded the contract to Frederick Schultz for constructing a rip-rap wall at the out let of the Hanna street sewer.

2. We have awarded the contract to W. Horstman for a 15-inch sewer in the alley between Hugh street and Eliza street, from Harmer street to the east line of lot 74, Eliza Hanna, sen., addition.

3. In relation to the report of the city civil engineer on the bad condition of the outlet of the Walton avenue sewer, we recommend that said engineer be instructed to advertise for bids to repair the same.

4. In favor of the remonstrance against the construction of a 12-inch sewer in the alley between Washington street and Jefferson street for the reason that it is too late in the season to do said work.

5. Adverse to the remonstrance of Catherine Esmond and others against the construction of a 15-inch sewer in the alley between Calhoun street and Harrison street, for the reason that the contract is approved and part of said sewer is now constructed.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

1. With reference to the city treasurer's petition, asking to have matting laid in office rooms in the city building, and also a janitor for said building, would recommend that there be matting or oil cloth laid in offices where needed. As to janitor for said building we think the city marshal and his deputies could manage to keep the council chamber clean for the present, and as to the other offices we believe the occupants of said departments should keep them in order. We would, therefore, recommend that the the city marshal be instructed to sweep and clean up the council chamber, at least, once a day. Said work to be done by the city marshal or one of his deputies.

2. In reference to bill of Presler & Wagner, we find the work has been done and would recommend that the bill be allowed.

REPORT OF COMMITTEE ON STREETS AND CIVIL ENGINEER.

REPORT OF COMMITTEE ON JUDICIARY AND CITY ATTORNEY.

We, your committee on judiciary with city attorney, to whom was referred the report of the city commissioners relating to the opening of an alley in the rear of lots 11, 12, 13, 14, 15, 16, 23, 24, 25, 26, 27 and 28, in Rockhill's addition, respectfully report, That we have carefully examined the facts in connection with said opening, and now find that of the original petitioners for the improvement there is now only one asking for it. Three of the original petitioners have signed the remonstrance against accepting the report. The New York, Chicago and St. Louis railway company have filed an objection against the right of the city and the Messrs. Huffman have filed a claim for damages aggregating thousands of dollars. In as much as but one citizen now asks for its opening and as the damages to be assessed may be very large, besides the legal objection made by the railroad company, we recommend that the reports be not accepted.

REPORT OF SPECIAL COMMITTEE.

We, your special committee to whom was referred the two resolutions of Councilman Woulfe to erect two sand pits on Calhoun street, one between Chicago and Baker streets and the other on the alley between Baker and Brackenridge streets, your committee would report in favor of the one on the alley between Chicago and Baker streets, and adverse on the other, for the reason that there are already two sandpits on each corner, and they should be sufficient to take care of the water that accummulates in said square. These resolutions have been referred with power to act, but your committee was of the opinion to first report the fact to the council.

REPORT OF SPECIAL COMMITTEE ON CASS STREET RAILWAY.

We your special committee to whom sometime ago was referred the ordinance granting the street car company the right of way on Superior street and Cass street beg leave to notify the council that the track on Cass street is not laid in conformity to the agreement. It was well understood that the track should fall several inches in grade immediately crossing the Lake Shore tracks, northward This would leave the grade of the street and car track to conform to the gutters, sidewalks and lots, all of which are improved, [illegible] that the engineer or company might make a mistake we provided in the [illegible] that the work was likewise to be [illegible] the satisfaction of the common coun[illegible] now notify you that the said street car track is several inches too high and if allowed to remain so will be a manifest wrong and injury to abutting property holders. The street was but lately graveled, the sidewalks all paved and the lots improved upon such grade. While the property holders have filed no objection we believe it is our duty to report the matter so that the council may by ordering the track lowered at once and having it done, preserve to the company its right of way without unjustly burdening the the private lot owner. We respectfully recommend that said track be ordered lowered to present grade of the street.

REPORT OF CITY CLERK.

In relation to the resolution of Councilman Webber referred to me at your last meeting, I beg leave to submit the following report:

I am informed that the resolution was introduced for the purpose of avoiding trouble and disputes as the filling of papers. If every person having business with the council would file their papers before the council convenes, then each paper could be endorsed with the date of filling, together with the person's name filling the same, but as it is, papers are given to the clerk after the council convenes, making it impossible for the clerk to so endose them.

I, therefore, respectfully report adverse.

You Who Lead Sedentary Lives will find great relief from constipation, headache and nervousness by taking Simmons Liver Regulator. It is a simple, harmless, vegetable compound, sure to relieve you. Persons of sedentary habits ofter suffer with kidney affections. If they would maintain the strength of the digestive organs and improve the quality of the blood by taking the Regulator it would restore the kidneys to health and vigor.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving he child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.
Jan. 19-eodawly.

Nice Old Uncles.

While human nature is ready enough to follow the apostolic example and "put away childish things" when the age for them is past, it is as ready from time to time, if it be sound and healthy human nature, to share in the many interest of childhood, or to forget family cares and business worries in a game of romps with the little ones. The occasional return to youthful fun and frolic is such an inborn necessity in some natures, that one is sometimes inclined to call the generosity of toy-giving aunts and take-you-all-to-the-pantomime uncles not altogether disinterested. A gray-haired grandfather will go on his hands and knees to superintend the growlings and prowlings of a mechanical bear, with a face of extreme absorption, while the children for whose amusement he labors have grown tired of the toy, and are taken up with something else. Bachelor lawyers who have no juvenile excuses of their own are known to fish desperately for" invitations to join the circus-going parties of their neighbors' children; nay, in extreme cases, as many as four or even five grown-ups have gone to the pantomime under cover of one child. One reverend father in Scotland, famed as a preacher, having no children at all, yet buys unto himself stores of nursery picture books and will spend a whole evening in admiring them. Which of us, indeed, in his inner consciousness, cannot confess to a sneaking enjoyment of the pleasures we ostensibly provide for our juvenile kith and kin?

Like all human sympathies, this sympathy with the concerns of children has increased of late years. All the surroundings of child life receive increased attention. The nursery, once the limbo of old carpets and ancient furniture, old chairs and out-of-date engraving, is now brought into the realm of art. Stained floors, soft rugs, tiled basin stands; wall papers, Bo-peep, Little Boy Blue, and the Four-and-twenty Blackbirds repeat themselves; pretty cups and saucers, tablecloths with dainty colored borders—these graces of life are all to be found in the modern nursery. And engravings of ruined castles by moonlit seas, the four seasons, our beloved Queen in the days of her youth and the Prince Consort, smiling in a meaningless fashion at each other, are swept away and their places filled by colored pictures of child life. Sympathy half with the children of today and half with those children of the past, ourselves "as was"—a kind of self pity when we reflect how we would have liked such things—such sympathies make us lavish.—*Chamber's Journal*

It is the old, old story: Love at first sight! A walk in the beautiful moonlight night; but catch a dreadful cold and give up all hope, but finally find relief in a bottle of Dr. Bull's Cough Syrup, get married, and are at last happy!

A Big Dust Storm.

A tremendous dust storm visited Tucson, A. T., the other day. It came directly from the south, and struck the city with a roar. It shut out the sun, and almost total darkness hung over the city for nearly half an hour. Every place had to be closed, and gas and lamps were lighted throughout the houses. The dust was of a reddish cast as though it might have come from Jersey.—*New York Sun.*

SCRATCHED 28 YEARS.

A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.

If I had known of the Cuticura Remedies twenty-eight years ago it would have saved me $200.00 (two hundred dollars) and an immense amount of suffering. My disease (Psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ring worm, psoriasis, etc., I took . . . and . . . Sarsaparillas over one year and a half, but no cure. I went to two or three doctors and no cure. I cannot praise the Cuticura Remedies too much. They have made by skin as clear and free from scales as a baby's. All I used of them was three boxes of Cuticura, and three bottles of Cuticura Resolvent, and two cakes of Cuticura Soap. If you had been here and said you would have cured me for $200.00 you would have had the money. I looked like the picture in your book of Psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while but to no purpose, I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times. Anything more that you want to know write me, or any one who reads this may write to me and I will answer it.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. JANNEY, Minneapolis, Minn.

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. JAS. M. ROLLINS, Pastor M. E. Church, Fairfield, Va.

"Travel Light."

A venerable old clergyman whose wife died lately said: "We lived together more than forty years, suffered pain and sorrow together, bore poverty, comforted each other in all kinds of hardship and trouble, yet it is strange that of all our life, when I look back, one week comes up before me most vividly, and is the most tender and sweet.

"It was a week we took once for a holiday; we went away up to the mountains. I fished, and she carried the basket. Everybody thought we were foolish, but ah, how sweet it was! I learned to know her better than ever before."

In American cities there is a large class of persons who live to amuse themselves, but in the country there is a still larger number who never amuse themselves at all. There are men and women in our villages and farms who live solely to provide the means to keep alive; incessant drudgery and the perpetual friction of their minds upon each other make their tempers irritable, their judgment narrow, and even their religion hard and bigoted.

"Nothing widens and lightens our lot so much as travel," says Brunot. "It is like putting windows into a prison. We look out of our own narrow life into all the chances and changes of human destiny."

Travel does not, however, always widen the life and mind of the tourist. Arctic seas or African deserts have nothing new or instructive for the man who goes about the world wearing his own petty needs and opinions over his eyes and ears, like the man in the iron mask.

"I had a miserable time," said an old woman, whose son had taken her to visit the Atlantic cities and Niagara. "I couldn't get a decent cup of coffee anywhere."

Many fashionable American women, who run over to Europe every year, know nothing of Paris but the modistes; of Brussels but the lace shops; or London but the furriers.

A more pitiable spectacle even than these purblind travelers is to be seen in all our summer resorts, where countless commonplace Blanks and Dashes, who are leaders of fashions in their own little towns, stand haughtily aloof, wrapped in their self-importance, afraid to make acquaintance with their fellow-creatures lest they should not receive the homage which they think their due.

"Travel light, if you mean to enjoy yourself," says Dr. Rupp, in his advice to bicyclers. "Leave all your heavy clothing, jewelry, and self-conceit at home."

The sovereigns of Europe, when they wish thoroughly to enjoy a journey, travel incognito. Queen Victoria, when last upon the continent, was known only as a baroness. Would it not be wise for the great people of our villages, when they go abroad, to assume some such comfortable disguise?

Or, wiser still, should they not recognize the fact that this haughty aloofness and assumption of superiority marks them as belonging to a small provincial circle? It shows that they have not gained breadth and liberality by travel or intercourse with the world. —*Youth's Companion.*

$500 REWARD

is offered by the manufacturers of **Dr. Sage's Catarrh Remedy,** for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza,** and **Catarrhal Headache.** Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *2002 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could not breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

Mr. Jake Gable, of Wayne township, gave a party to his friends and neighbors last Saturday night. Among the guests was Herman Gerke. Mr. Gable insists that that maneuvre was not on the program.

The Forepaugh show went to Lima his morning, and will make but four other stops before going into winter quarters, at Philadelphia. Mr. Forepaugh made a little more than his expenses in this city, but the season has been disastrous. Unless the rates lessen Mr. Forepaugh will send his circus over land next year.

The statement in the *News* last evening that the Second ward engine house property is to be sold and the proceeds devoted to purchasing the feeder canal, is unfounded and untrue. The council has asked Judge O'Rourke to appoint three men to appraise the property mentioned, and, if it is sold, the money will be devoted to erecting at once a new city hall on Barr street. Not a penny of it will be directed into any other channel and the *News* is well aware of the fact.

Andrew Harris, an old soldier of the 22d Indiana regiment, died at Danville Saturday, after a long illness. He directed and controlled at one time, to great success, eight of the valuable theatres in the United States, besides having seventeen traveling companies. The *Journal*, this morning, says Mr. Haverly was sued in Illinois for a claim of $1,915.89. Mr. Haverly is used to these suits and they advertise him.

WRECK ECHOES.

Further Details of the Railroad Horror an Kouts—List of the Dead and Injured.

HUNTINGTON, Ind., Oct. 12.—The dead in the Kouts wreck on the Chicago and Atlantic railroad are:

Dr. William Perry and daughter, of North Judson, Ind.
Charles Miller,
Mrs. Lena Miller,
Fred. Miller,
William Miller,
Herman Miller,
Minnie Miller, all of Dundee, Ind.

The injured are:
Dr. Charles Wright,
Mrs. E. Ayers,
Engineer Dorsey,
Fireman Willis, of this city.

None of the injured are in a serious condition and are doing well. The coroner of Starke county, who accompanied the dead and wounded under the escort of the railroad officials, took testimony up to midnight.

The testimony before the coroner here as to the horrible collision on the Chicago and Atlantic railroad near Koutz, began with the deposition of Mr. J. B. Parks, the conductor of the passenger train. He testified that the train was nearly two hours late, having broken an eccentric between Hurlburt and Boone Grove. "We stopped for water east of Boone Grove," he continued. "In two minutes an engine struck the rear car and telescoped the car into the ladies' car, smoker and baggage car. The wreck took fire at once. We got eighteen passengers out, nine were killed and burned. The semaphore light was turned when we stopped. I did not know the freight was coming. When it struck us it was running about twenty miles an hour."

J. W. Jacobs, the passenger brakeman, testified that he turned and saw Brakeman Cotton go back with the light. J. G. Cotton, the second brakeman on the passenger train, said "I jumped off of our train before we stopped at the state line ditch tank and ran back to flag the freight train, which failed to call for brakes. I was knocked senseless by the passing train."

Engineer Dorsey and Fireman Willits of the fast freight testified that they started out on time and received no orders as to any passenger engine being disabled and behind time. When Boone grove was reached the signal was all right and the operator told them to go ahead, giving no other orders. They did not intend to stop at the state line ditch tank and were running at a high rate of speed. All the trainmen examined claimed that the night was foggy and that danger signals could not be seen until they were right upon them.

WRECK ECHOES.

One family of Bohemians, six in number, were burned up in the wreck, a boy only escaping and he was so seriously hurt that he has since died. Dr. Perry, wife and child, of North Judson, were imprisoned in the wreck and burned to death. Great efforts were made to rescue them, and at one time the rescue of the doctor seemed probable, but the flames grew so hot that he had to be abandoned to his fate. He was conscious at the time he was left. There was no means of egress except through the windows. Dr. Bain, of Kenton, Ohio, who was severely bruised, was fortunate in getting out through the windows, and aided four others in making their escape. The cars burned very rapidly, and the terror of the scene can be but faintly portrayed. The screams of the imprisoned passengers, slowly being consumed, were most heart rending and the survivors suffered untold mental agony at the scenes of suffering which they beheld.

Dr. Charles L. Wright, of Huntington, Ind., was on board the train, and severely hurt. Dr. Wright reached home on the relief train, and was able to walk to a carriage with assistance, although badly cut and bruised.

The escape of Mrs. Edwin B. Ayers, of Huntington, was most miraculous. She was the last person to be rescued from one of the burning coaches, and was in an unconscious condition when pulled through its windows. She reached home on the relief train, badly bruised and suffering greatly from nervous prostration.

Engineer Dorsey and Fireman Willetts, in charge of the freight train were both badly bruised. Both jumped from the locomotive, and Willets jumped upon the person of Brakeman J. S. P. Cotton, of the passenger train, who had been sent back to flag the freight train. Cotton was considerably hurt by Willetts.

C. H. Murray, a gentleman from Denver, Col., was one of the survivors, and he said he owed his life to the heroic efforts of a lady passenger, a Mrs. Clemants, from Chicago, who was going to Albany, N. Y. Mrs. C. broke one of the rear windows of the car in which they were imprisoned, called the other passengers attention to it, and assisted several to get out while the front end of the car was in a blaze. All who escaped from this car did so through her efforts. This coach had about twenty passengers and six or seven are known to have perished. Another lady said she was in a suffocating condition, and had given up all hope, when she heard Mrs. Clemants voice telling her not to give up, but to come to her and thus guided she was able to save her life. Mrs. Clemants lost over $2,000 in money and a ring valued at $1,000.

HENRY G. WAGNER,

The Prominent Druggist, Drops Dead at His Home This Afternoon—A Resume of His Life.

Henry G. Wagner, the well-known and prominent druggist of this city, whose place of business is at 35 Calhoun street, dropped dead from a stroke of appoplexy, at 1:30 o'clock this afternoon at his residence, No. 21 East Washington street.

He has been suffering from heart disease for the past twenty-eight years and some time ago, with Mrs. Wagner, took an extended trip south in the hope of benefiting his health.

Mr. Wagner has been confined to his home for a week past and was in the habit of taking hot baths. This morning he assured his wife and attendants that he was much better and looked it. Shortly after noon he took his customary bath and while in the act of leaving the tub he dropped dead.

Mrs. Wagner was hastily summoned from the drug store, as was Dr. I. N. Rosenthal, but life was extinct and the dead druggist, being by this time removed to his bed, lay as if in peaceful slumber.

Althought there was a predisposition to heart disease in Mr. Wagner's family, (his father having died from appoplexy,) the news of his sudden death will prove a great shock to his legion of friends in this community.

Mr. Wagner was born at Grossalmerode, near Cassel, the capital of Hesse, in Germany, on the 26th day of December, 1827, and came to this country on the 22d day of May, 1849, landing at New Orleans. At New Orleans he married Mrs. Wagner, nee Mergel, and they came soon afterwards to this city, where they have resided ever since.

Mr. Wagner was a pioneer in the drug business and in the battles of life his wife was his constant and ever faithful companion. The estimable lady survives him, and her grief can better be imagined than described.

In the toil and thrift of years Mr. Wagner accumulated much wealth. He owns the handsome store room occupied by Louis Wolf & Co., his drug store on Calhoun street, the Khrone gun store property and his handsome home on Washington street. No one can safely estimate his riches, but gentlemen who know him will say, "he was one of the wealthiest men in the city."

Mr. Wagner's sister, the mother of H. W. Mordhurst, the druggist, lives at Logansport and the sad news was telegraphed her by Mr. Mordhurst.

Mr. Wagner was a member of St. Mary's Catholic church and Mr. J. C. Peltier is arranging to embalm the remains preparatory for burial.

INDIANAPOLIS.

The Republicans Elect Their Entire City Ticket.

INDIANAPOLIS, Oct. 12.—The election here yesterday was for mayor, clerk, ten alderman and twenty-five councilmen. The campaign has been very bitter.

The republican city ticket was elected by a majority of 500. They have re-elected Mayor Denny, regained the city clerkship and elected fifteen members of the common council and six members of the board of aldermen, giving them a majority of seven on joint ballot in the municipal legislature. They carried every ward on the north side, while the democrats carried all on the south side, with the exception of the Twenty-first.

Sim Coy, chairman of the democratic city central committee, was re-elected to the council in his ward by 125 majority over the republican candidate.

The Knights of Labor had a ticket in the field, but did not elect a single one of their candidates.

Knights of Labor Convention.

MINNEAPOLIS, Oct. 12.—The legislative committees report to the Knights of Labor convention to-day, approving the Blair educational bill and eight hours a day for mail carriers and a bill relating to homesteads and providing that such settlers may borrow $500 from the government, secured by land, at 3 per cent, demanding that the government building contracts provide for weekly payment of working men and approved the recommendations of the general master workman's address in favor of the government to control the telegraph and telephone systems of the country was adopted.

The President.

STORM CITY, Iowa, Oct. 12.—President Cleveland and party arrived at 6:30 this morning and spent half an hour inspecting the corn palace. Along the way from Minneapolis the train was welcomed by bonfires and in some places with music. An army of railroad men were on duty along the track.

The monthly meeting of the directors of the Baltimore and Ohio Railroad company was held and the resignation of Robert Garrett was accepted. The contract for the transfer of the Baltimore and Ohio telegraph to the Western Union company was approved without dissent. Arrangements are now in progress with the syndicate to relieve the road of indebtedness, which were approved so far as they have progressed. Mr. Robert Garrett was elected a director in the company in place of John Spear Nicholas, deceased. No dividend was declared.

They are satisfied of the drowning of James Mulligan, the telegraph operator, but his body has not been recovered, although the authorities shot thirty-six cannon over the scene immediately after young Mulligan and his companion disappeared from the surface of the water. The companion came up and his body was dragged out, but young Mulligan was never seen. The young men were out boating and in changing places they upset the canoe, with the sad result noted. When the relatives of young Mulligan's companion came after his body it was on a dissecting table, of Rush Medical college.

EDITOR SENTINEL:

Some vindictive being, belonging to that class of persons who can never think of raising themselves, or anything they are connected with, without traducing others or slandering that which they oppose, has stated on several occasions that the Catholic Knights of America are in debt $80,000. There is not one word of truth in this statement, as the examination and approved statement of the supreme treasurer shows for the two years ending April 23, 1887. The following is a correct statement: Receipts, $660,505.44; expenditures, $669,631.99; general fund on hand, $32,248.96; sinking fund up to October 1, 1887, $44,521.75. Instead of being in debt 5 per cent. of each assessment is set aside and applied to the sinking fund, with the view of preparing for an epidemic. Undoubtedly it was the same party that reported that John Jones was a member of the Catholic Knights of America.

H. W. Matson asked permission to submit to the city competitive bids for a proposed new city hall, police station and engine house. Referred to the special city hall committee.

Henry Wolvenberg complained of the grade of the street in front of lot 6, McCulloch's addition, and asked relief. Referred to the committee on streets and city civil engineer.

Wm. Pape asked that he be relieved from paying taxes on lot 56, Hanna's addition. Referred to city attorney.

Well Bros. asked permission to lay a new sidewalk in front of their proposed new store room on East Columbia street and solicited advice as to the width and the material to be used. Referred to committee on streets.

T. W. Blair and other Knights of Labor, representing the various local assemblies, protested against the acquisition of the feeder canal and other property for a water supply, because such supply is not needed, because the people have rejected such a source and because it has four times been enjoined, etc. They concluded by urging that the reservoir be completed and the park about it fixed up. Referred to committee on water works.

S. Bash & company complained that gutter grades on West Columbia street were destroyed and asked relief. Referred to the committee on streets with power to act.

Solomon Cremus asked for a refunder of taxes erroneously collected. Referred to the committee on assessment and taxes and city assessor.

Wm. Horstman refused to sign a contract to construct a sewer between Hugh and Eliza street as Fred. Hayden refuses to pay for the same. Received and filed.

L. C. Jacoby, of Rockford, Ill., protests against the sidewalk work on Hoffman street, and wants the city to provide for the remains of his relatives in the old Broadway cemetery. First part referred to the street committee and civil engineer, and second part referred to committee on parks.

REPORT OF COMMITTEE ON FINANCE.

We, your committee on finance would respectfully report in reference to the [illegible] chase of a fire engine that, whereas, there [illegible] now pending before this council proceedings looking to the purchase of water power which if accomplished would render an [illegible] tional engine of no use.

Therefore we recommend that the matter be deferred until final action is had upon the question.

2. Contract of W. Horstman to grade and pave with brick the sidewalk on Superior street.
3. Contract of W. Horstman to grade and pave with brick the sidewalk on Hugh street.
4. Contract of W. Horstman to grade and pave with brick the sidewalk on Lewis street.
5. Contract of G. F. Smith & Co. to grade and pave with cobble stone the alley between Columbia and Main streets, from Calhoun to Clinton street.
6. In relation to the resolution of Councilman Wessel to grade and pave with brick the sidewalk on the east side of Lafayette street and curb with stone curbing, this council has passed already a resolution to do said work except the curbing.

REPORT OF COMMITTEE ON STREETS WITH CITY ATTORNEY.

1. Upon the petition of Daniel Nestle asking the city to pay him $3.16 for an alleged overpayment he made to Contractor John McCann for building sidewalks on the east side of Broadway, we report that his dispute and claim, if any, is against McCann, and not the city. The treasurer in receiving the money acted under the law as the agent of McCann and not the city, but nevertheless your committee is of the opinion that Mr. Nestle was charged the correct amount and has made no over payment. By reason of all the facts we report adversely.

2. On the petition of Anna Eckart asking that Contractor Ehrman be ordered to return certain planks taken out of old sidewalks to her or that the council give her credit on his precept for $5. We report that this is a matter with which the council has nothing to do. If the planks are hers she must seek her remedy in court. The only question for the council was did the contractor faithfully construct the sidewalk according to the contract.

3. With reference to the proposed ordinance of Councilman Webber relating to the width of wagon tires to be used on the public streets we recommend that the same be not passed. It provides for tires of six different widths and the differences in the weights so small that the law could only be enforced by the closest scrutiny. We herewith report an amendment to section 17, of chapter 49, that we believe will give ample relief and be of easy enforcement.

4. In the matter of the petition of Messrs. Bass and Bond, asking leave to cobble stone sidewalks in front of the street car barn and car house on Chestnut street, the contractor having consented thereto, we report adversely, but recommend that power be granted to the mayor and street committee to allow such portion of said sidewalk to be paved with cobble stone as shall be necessary as a roadway for horses and cars in passing in or out of said barn or car house and that the balance of said walk be paved with material provided by contract.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers make the following report:

1. We have awarded the contract to Frederick Schultz for constructing a rip rap wall at the outlet of the Hanna street sewer.
2. We have awarded the contract to W. Horstman for a 15-inch sewer in the alley between Hugh street and Eliza street, from Harmer street to the east line of lot 24, Eliza Hanna's, sen., addition.
3. In relation to the report of the city civil engineer on the bad condition of the outlet of the Walton avenue sewer, we recommend that said engineer be instructed to advertise for bids to repair the same.
4. In favor of the remonstrance against the construction of a 12-inch sewer in the alley between Washington street and Jefferson street for the reason that it is too late in the season to do said work.
5. Adverse to the remonstrance of Catherine Esmond and others against the construction of a 15-inch sewer in the alley between Calhoun street and Harrison street, for the reason that the contract is approved and part of said sewer is now constructed.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

1. With reference to the city treasurer's petition, asking to have matting laid in office rooms in the city building, and also a janitor for said building, would recommend that there be matting or oil cloth laid in offices where needed. As to janitor for said building we think the city marshal and his deputies could manage to keep the council chamber clean for the present, and as to the other offices we believe the occupants of said departments should keep them in order. We would, therefore, recommend that the the city marshal be instructed to sweep and clean up the council chamber, at least, once a day. Said work to be done by the city marshal or one of his deputies.

2. In reference to bill of Pressler & Wagner, we find the work has been done and would recommend that the bill be allowed.

REPORT OF COMMITTEE ON JUDICIARY AND CITY ATTORNEY.

We, your committee on judiciary with city attorney, to whom was referred the report of the city commissioners relating to the opening of an alley in the rear of lots 11, 12, 13, 14, 15, 16, 23, 24, 25, 26, 27 and 29, in Hockhill's addition, respectfully report, That we have carefully examined the facts in connection with said opening, and now find that of the original petitioners for the improvement there is now only one asking for it. Three of the original petitioners have signed the remonstrance against accepting the report. The New York, Chicago and St. Louis railway company have filed an objection against the right of the city and the Messrs. Huffman have filed a claim for damages aggregating thousands of dollars. In as much as but one citizen now asks for its opening and as the damages to be assessed may be very large, besides the legal objection made by the railroad company, we recommend that the reports be not accepted.

REPORT OF SPECIAL COMMITTEE.

We, your special committee to whom was referred the two resolutions of Councilman Woulfe to erect two sand pits on Calhoun street, one between Chicago and Baker streets and the other on the alley between Baker and Brackenridge streets, your committee would report in favor of the one on the alley between Chicago and Baker streets, and adverse on the other, for the reason that there are already two sandpits on each corner, and they should be sufficient to take care of the water that accummulates in said square. These resolutions have been referred with power to act, but your committee was of the opinion to first report the fact to the council.

REPORT OF SPECIAL COMMITTEE ON CASS STREET RAILWAY.

We your special committee to whom sometime ago was referred the ordinance granting the street car company the right of way on Superior street and Cass street beg leave to notify the council that the track on Cass street is not laid in conformity to the agreement. It was well understood that the track should fall several inches in grade immediately crossing the Lake Shore tracks, northward. This would leave the grade of the street and car track to conform to the gutters, sidewalks and lots, all of which are improved. [illegible] that the engineer or company might [illegible] make a mistake we provided in the [illegible] that the work was likewise to be [illegible] the satisfaction of the common council. We now notify you that the said street car track is several inches too high and if allowed to remain so will be a manifest wrong and injury to abutting property holders. The street was but lately graveled, the sidewalks all paved and the lots improved upon such grade. While the property holders have filed no objection we believe it is our duty to report the matter so that the council may by ordering the track lowered at once and having it done, preserve to the company its right of way without unjustly burdening the private lot owner. We respectfully recommend that said track be ordered lowered to present grade of the street.

REPORT OF CHIEF OF POLICE AND CITY CLERK.

I respectfully report that the electric lights were found not burning 892 hours during the month of September, 1887.

Hugh M. Diehl, Chief of Police.

I respectfully report that I have deducted from the electric light company's bill for the month of September, 1887, $49.06, 892 hours at 5½ cents per hour.

REPORT OF CITY CLERK.

In relation to the resolution of Councilman Webber referred to me at your last meeting, I beg leave to submit the following report:

I am informed that the resolution was introduced for the purpose of avoiding trouble and disputes as the filing of papers. If every person having business with the council would file their papers before the council convenes, then each paper could be endorsed with the date of filing, together with the person's name filing the same, but as it is, papers are given to the clerk after the council convenes, making it impossible for the clerk to so endose them.

I, therefore, respectfully report adverse.

REPORT OF CITY CIVIL ENGINEER.

In the matter of the petition of Wm. Horstman in regard to grade for sidewalk on the west side of Lafayette street, from Pontiac street to the city limits, will report that I was at the place referred to to give the grade, but finding the fences out in what I supposed to be the street and the encroachment nicely improved, I came to the conclusion that an examination of the records might be necessary in order to be on the safe side before I set any stakes, which I have done, and am now satisfied as to the record, and will set the stakes at the earliest possible moment.

REPORT OF CIVIL ENGINEER.

I, your city civil engineer, to whom was referred the complaint of Jacob C. Kiett in regard to his assessment on Wells street improvement, will report that while Mr. Kiett's lot of land that was assessed for the improvement of Wells street has not as much front on Wells street as that of Mrs. Wood, yet his lot is so situated in the rear of Mrs. Wood's triangular lot so as to bring nearly the whole width of the lot from Superior street to the St. Mary's river within the bound prescribed by law for making assessment on improvements of this kind, and while he has not as much front on Wells street as Mrs. Wood has, he has more area of land liable to be assessed for the improvement.

You Who Lead Sedentary Lives will find great relief from constipation, headache and nervousness by taking Simmons Liver Regulator. It is a simple, harmless, vegetable compound, sure to relieve you. Persons of sedentary habits often suffer with kidney affections. If they would maintain the strength of the digestive organs and improve the quality of the blood by taking the Regulator it would restore the kidneys to health and vigor.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle, Jan. 13-eodawly.

Nice Old Uncles.

While human nature is ready enough to follow the apostolic example and "put away childish things" when the age for them is past, it is as ready from time to time, if it be sound and healthy human nature, to share in the many interest of childhood, or to forget family cares and business worries in a game of romps with the little ones. The occasional return to youthful fun and frolic is such an inborn necessity in some natures, that one is sometimes inclined to call the generosity of toy-giving aunts and take-you-all-to-the-pantomime uncles not altogether disinterested. A gray-haired grandfather will go on his hands and knees to superintend the growlings and prowlings of a mechanical bear, with a face of extreme absorption, while the children for whose amusement he labors have grown tired of the toy, and are taken up with something else. Bachelor lawyers who have no juvenile excuses of their own are known to fish desperately for invitations to join the circus-going parties of their neighbors' children; nay, in extreme cases, as many as four or even five grown-ups have gone to the pantomime under cover of one child. One reverend father in Scotland, famed as a preacher, having no children at all, yet buys unto himself stores of nursery picture books and will spend a whole evening in admiring them. Which of us, indeed, in his inner consciousness, cannot confess to a sneaking enjoyment of the pleasures we ostensibly provide for our juvenile kith and kin?

Like all human sympathies, this sympathy with the concerns of children has increased of late years. All the surroundings of child life receive increased attention. The nursery, once the limbo of old carpets and ancient furniture, old chairs and out-of-date engraving, is now brought into the realm of art. Stained floors, soft rugs, tiled basin stands: wall papers, Bo-peep, Little Boy Blue, and the Four-and-twenty Blackbirds repeat themselves; pretty cups and saucers, tablecloths with dainty colored borders—these graces of life are all to be found in the modern nursery. And engravings of ruined castles by moonlit seas, the four seasons, our beloved Queen in the days of her youth and the Prince Consort, smiling in a meaningless fashion at each other, are swept away and their places filled by colored pictures of child life. Sympathy half with the children of to-day and half with those children of the past, ourselves "as was"—a kind of self pity when we reflect how we would have liked such things—such sympathies make us lavish.—*Chamber's Journal*

It is the old, old story: Love at first sight! A walk in the beautiful moonlight night; but catch a dreadful cold and give up all hope, but finally find relief in a bottle of Dr. Bull's Cough Syrup, get married, and are at last happy!

A Big Dust Storm.

A tremendous dust storm visited Tucson, A. T., the other day. It came directly from the south, and struck the city with a roar. It shut out the sun, and almost total darkness hung over the city for nearly half an hour. Every place had to be closed, and gas and lamps were lighted throughout the houses. The dust was of a reddish cast as though it might have come from Jersey.—*New York Sun.*

SCRATCHED 28 YEARS.

A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.

If I had known of the Cuticura Remedies twenty-eight years ago it would have saved me $200.00 (two hundred dollars) and an immense amount of suffering. My disease (Psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ring worm, psoriasis, etc. I took .... and .... Sarsaparillas over one year and a half, but no cure. I went to two or three doctors and no cure. I cannot praise the Cuticura Remedies too much. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of Cuticura, and three bottles of Cuticura Resolvent, and two cakes of Cuticura Soap. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture in your book of Psoriasis (picture number two, "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times. Anything more that you want to know write me, or any one who reads this may write to me and I will answer it.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. JANNEY, Minneapolis, Minn.

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. JAS. M. ROLLINS, Pastor M. E. Church, Fairfield, Va.

"Travel Light."

A venerable old clergyman whose wife died lately said: "We lived together more than forty years, suffered pain and sorrow together, bore poverty, comforted each other in all kinds of hardship and trouble, yet it is strange that of all our life, when I look back, one week comes up before me most vividly, and is the most tender and sweet.

"It was a week we took once for a holiday; we went away up to the mountains. I fished, and she carried the basket. Everybody thought we were foolish, but ah, how sweet it was! I learned to know her better than ever before."

In American cities there is a large class of persons who live to amuse themselves, but in the country there is a still larger number who never amuse themselves at all. There are men and women in our villages and farms who live solely to provide the means to keep alive; incessant drudgery and the perpetual friction of their minds upon each other make their tempers irritable, their judgment narrow, and even their religion hard and bigoted.

"Nothing widens and lightens our lot so much as travel," says Brunot. "It is like putting windows into a prison. We look out of our own narrow life into all the chances and changes of human destiny."

Travel does not, however, always widen the life and mind of the tourist. Arctic seas or African deserts have nothing new or instructive for the man who goes about the world wearing his own petty needs and opinions over his eyes and ears, like the man in the iron mask.

"I had a miserable time," said an old woman, whose son had taken her to visit the Atlantic cities and Niagara. "I couldn't get a decent cup of coffee anywhere."

Many fashionable American women, who run over to Europe every year, know nothing of Paris but the modistes; of Brussels but the lace shops; or London but the furriers.

A more pitiable spectacle even than these purblind travelers is to be seen in all our summer resorts, where countless commonplace Blanks and Dashes, who are leaders of fashions in their own little towns, stand haughtily aloof, wrapped in their self-importance, afraid to make acquaintance with their fellow-creatures lest they should not receive the homage which they think their due.

"Travel light, if you mean to enjoy yourself," says Dr. Rupp, in his advice to bicyclers. "Leave all your heavy clothing, jewelry, and self-conceit at home."

The sovereigns of Europe, when they wish thoroughly to enjoy a journey, travel incognito. Queen Victoria, when last upon the continent, was known only as a baroness. Would it not be wise for the great people of our villages, when they go abroad, to assume some such comfortable disguise?

Or, wiser still, should they not recognize the fact that this haughty aloofness and assumption of superiority marks them as belonging to a small provincial circle? It shows that they have not gained breadth and liberality by travel or intercourse with the world. —*Youth's Companion.*

$500 REWARD

is offered by the manufacturers of **Dr. Sage's Catarrh Remedy**, for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH. Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza, and Catarrhal Headache.**

Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *2902 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

The statement in the *News* last evening that the Second ward engine house property is to be sold and the proceeds devoted to purchasing the feeder canal, is unfounded and untrue. The council has asked Judge O'Rourke to appoint three men to appraise the property mentioned, and, if it is sold, the money will be devoted to erecting at once a new city hall on Barr street. Not a penny of it will be directed into any other channel and the *News* is well aware of the fact.

Andrew Harris, an old soldier of the 22d Indiana regiment, died at Danville Saturday, after a long illness. He applied for a pension twelve years ago, yet republican red tape prevented the allowance; but a few hours before his death, and after he had lost consciousness, a dispatch from Col. C. C. Matson announced that his claim was allowed, giving him $4,000 back pension. There are fears that, owing to his sudden death, his wife and children may yet be deprived of this amount justly due them.

He directed and controlled at one time, to great success, eight of the valuable theatres in the United States, besides having seventeen traveling companies.
